

6 May 2021

Dear Sir/Madam

M1 junctions 13 to 16 motorway upgrade

I am writing to advise you that we will be carrying out overnight closures of the M1 between junctions 13 and 16 during May and the following months, as detailed overleaf. This is for work to install overhead gantry structures to display electronic message signs and to install CCTV between junctions 13 and 14 and junctions 15 and 16.

Please note that these are provisional dates and are subject to change, as there may be conditions outside of our control, such as adverse weather, and road incidents. Please visit our website to see the latest M1 road closure dates and the official diversion routes at: www.highwaysengland.co.uk/M1junction13-16

We ask drivers to follow the signed diversion routes during these road closures. Please do not use satellite navigation (sat nav) when following the diversion, as they may give conflicting information. Please be considerate of residents living along the diversion routes when using these roads when the M1 is closed.

We advise local residents and business owners to allow extra time onto their journeys. We will do our utmost to complete the work as quickly as possible and keep noise and disruption to a minimum. However, we acknowledge some operations may be noisy, for example, reversing beepers must be operational on our vehicles for health and safety reasons.

If you have any additional questions or concerns, please contact us on 07469 391190. If you would like to know more about the project or register for email updates, please visit www.highwaysengland.co.uk/M1junction13-16

Yours sincerely

Schedule for M1 overnight closures

Some of our work done during these road closures will be weather-dependent and may have to be cancelled at short notice depending on the weather forecast. Diversion timings are approximate and are a guide only; please check Traffic England (www.trafficengland.co.uk) for current traffic conditions.
